An encouraging indication of an awakened public conscience in Tennessee is the fact that a number of indictments have been found against parties suspected of being implicated in the recent lynching of the six negroes in that state. We have no doubt that any day will see the punishment of the crime, but the indictments are some concession to public sympathy.

There is a rumor afloat that Mrs. Nellie Grant Sartoris is to be married again, and this time to an American, one Major Kyd Douglas, who was a Confederate officer on Gen. Stonewall Jackson's staff. Miss Alice Sanger, who enjoys the distinction of being the only woman ever employed in the executive mansion, in a clerical capacity, has been transferred to the department of the interior. She is an excellent stenographer and typewriter and a most efficient all-around clerk.

The total weight of the ironwork in the Eiffel tower is 7,500 tons, and the foundation of each of the four main pillars are sunk to a depth of fifty feet. It is constructed of iron throughout, the pieces of that metal used in its construction being 12,000.

The exact height of the great iron skeleton is 984 feet, and it is to be the property of the builder for twenty years beginning with 1889, after which time the sole ownership reverts to the city of Paris.

Rev. Osmond Fisher, in a very reliable work entitled "Physics of the Earth's Crust," says that "the rate of increase in temperature as the distance beneath the earth is augmented is, on the whole, an equable one and does not take to average about one degree for every fifty-one feet." Figuring on this last statement as the most reliable, we find that at a depth of thirty miles below the surface all known metals and rocks are in a state of white-hot fusion.

There has been a great deal of criticism of women bicyclists in the Eastern press of late, and some of the critics have not hesitated to say severe things concerning the figure which the average woman puts astride a wheel. At least one respect in which the average woman who rides a bicycle sets a good example to the average man. She sits erect, while the man bends over his wheel, to the great detriment of his chest, and looks more like an ape than like a lord of creation.

A New York druggist recently defended his store against burglars by dashing ammonia in their faces. One of them suffered such intense agony that he jumped through a plate glass window; his cries attracted a policeman, but before he arrived at the police station his head had swelled to nearly twice its natural size and he was crying for relief. It is doubtful if such brutal treatment is justifiable even against burglars. The pharmacopoeia affords some drug that would be equally effective and less painful.

ACKINRIDGE LOSES

THE CONTEST IN THE ASHLAND DISTRICT IS DECIDED.

Congressman Ackinridge is Defeated at the Primaries by the Result Given the Ladies.

Lexington, Ky., Sept. 18.—W. H. Owens has defeated W. C. P. Breckinridge and E. E. Settle for the Democratic nomination for congress from the Kentucky district.

For months the district has been agitated in the most bitter manner. In the last election, not a political, but a factional fight, it was a contest for months and months, and during the last few days it became intensely personal; so much so that the nomination of Breckinridge was not the only issue.

W. H. Owens, a native of Kentucky, was born in Clay county, Mo., the birthplace of the James and Younger brothers, and when eight years of age fled in company with a farmer's daughter. He had no means and the girl refused to marry him until he could provide her a home. To do this he stole a horse and buggy and fled to Lexington, Ky., where he was arrested and sentenced to three years' imprisonment in the state penitentiary. He served his time and returned to Lexington, Ky., in April, 1883, he came to Lexington, hired aivery team and drove to Lexington, Ky., where he was arrested and sentenced to three years' imprisonment in the state penitentiary. He served his time and returned to Lexington, Ky., in April, 1883, he came to Lexington, hired aivery team and drove to Lexington, Ky., where he was arrested and sentenced to three years' imprisonment in the state penitentiary.

He was in jail here from April 1883 to November, 1885, when he was released on his own recognizance. From Lexington he went to Missouri, stole a horse, was again convicted and sentenced to five years in the Jefferson City penitentiary.

Here began the strongest part of his career. In the Jefferson City penitentiary he became acquainted with the noted criminal time of whom disclosed to him the details of a railroad robbery on the Santa Fe road, near Garden City, Kan., in July, 1885, in which one man was wounded and two others killed. He was again convicted and sentenced to five years in the Jefferson City penitentiary.

NARROW ESCAPE.

THE CONTEST IN THE ASHLAND DISTRICT IS DECIDED.

Congressman Ackinridge is Defeated at the Primaries by the Result Given the Ladies.

Lexington, Ky., Sept. 18.—W. H. Owens has defeated W. C. P. Breckinridge and E. E. Settle for the Democratic nomination for congress from the Kentucky district.

For months the district has been agitated in the most bitter manner. In the last election, not a political, but a factional fight, it was a contest for months and months, and during the last few days it became intensely personal; so much so that the nomination of Breckinridge was not the only issue.

W. H. Owens, a native of Kentucky, was born in Clay county, Mo., the birthplace of the James and Younger brothers, and when eight years of age fled in company with a farmer's daughter. He had no means and the girl refused to marry him until he could provide her a home. To do this he stole a horse and buggy and fled to Lexington, Ky., where he was arrested and sentenced to three years' imprisonment in the state penitentiary. He served his time and returned to Lexington, Ky., in April, 1883, he came to Lexington, hired aivery team and drove to Lexington, Ky., where he was arrested and sentenced to three years' imprisonment in the state penitentiary.

He was in the Jefferson City penitentiary for a total of ten years. He was released on his own recognizance. From Lexington he went to Missouri, stole a horse, was again convicted and sentenced to five years in the Jefferson City penitentiary.

The master in chancery who was appointed to examine into Northern Pacific affairs completely exonerates President Oakes, but accuses Henry Villard of "making illegal gains."

There is some talk in the newspapers of the appointment of a receiver for the whisky trust. There is no need of this. The same old staff of receivers have been working for years as admirably as ever, and are still engaged in their laborious vocation.

The only son of Diderot, "Monsieur de Paris," the French executioner, is now the chief aid of his father in a very calling. By special enactment, the young man, who was in 1862, is relieved of military duty in time of peace, owing to his "high works" which he is called upon to perform.

An encouraging indication of an awakened public conscience in Tennessee is the fact that a number of indictments have been found against parties suspected of being implicated in the recent lynching of the six negroes in that state. We have no idea that anybody will ever be punished for the crime, but the indictments are some concession to public sympathy.

There is a rumor abroad that Mrs. Nellie Grant is to be married again, and this time to an American, one Major Kyd Douglas, who was a confederate officer on Gen. Stonewall Jackson's staff. Folks in this country will be glad that Gen. Grant's daughter is to choose an American for her second husband, even if he is an ex-convict.

The total weight of the ironwork in the Eiffel tower is 7,767 tons, and the foundation of each of its four independent legs are set in a depth of 14 feet. It is constructed of iron throughout, the pieces of that metal used in its construction being 112,000. The exact height of the great iron structure is 284 feet, and it is to be the property of the builder for twenty years beginning with 1889, after which time the sole ownership reverts to the City of Paris.

Rev. Osmond Fisher, in a very reliable report entitled "Physics of the Earth's Crust," says that, "the rate of increase in temperature as the distance beneath the earth is augmented is, on the whole, an equable one and may be taken to average about one degree for each fifty feet." Figuring on this basis, the temperature at the bottom of the earth would be 1,000 degrees.

There has been a great deal of criticism of women bicyclists in the Eastern press of late, and some of the critics have not hesitated to say severe things about the figure which the average woman cuts astride a wheel. No accounting for taste; but there is at least one respect in which the average woman who rides a bicycle sets a good example to the average man. She sits erect, while the man bends over his city.

A New York druggist recently defended his store against burglars by dashing ammonia in their faces. One of them suffered such intense agony that he jumped through a plate glass window. His cries attracted a policeman, but before he arrived at the station his head had swelled to nearly twice its natural size and he was a pitiful brutal object. It is doubtful if such brutal treatment is justifiable against burglars. The pharmacopoeia should contain a recipe for a more equally effective and less painful.

WIDOW'S ESCAPE

Special Experience of a Missouri Widow.

Yankton, S. D., Sept. 18.—W. H. Johnson, alias W. H. Johnson, was in Yankton to-day. Leonard enjoys the distinction of having been the only man who has been hanged in Yankton.

Leonard was born in Clay county, Mo., the birthplace of Charles and Younger brothers, and when eighteen years of age fell in love with a farmer's daughter.

He had no money and the girl refused to marry him until he could provide her a home. To do this he stole a horse and buggy and fled to Yankton.

He was in jail here from April to November, 1885, when he was released on his own recognizance. From Yankton he went to Missouri, stole a horse, was again convicted and sentenced to four years in the Jefferson county penitentiary.

Here began the strangest part of his career. In the Jefferson County penitentiary he became acquainted with a noted criminal, one of whom disclosed to him the details of a railroad robbery on the Santa Fe road, near Garden City, Kan., in July, 1885.

He was killed and two or three wounded. Leonard thought he could use this information to secure his freedom, and he decided to help himself to the details of the robbery.

He then made a statement of pretended confession, in which he implicated himself in the robbery, and he was released from jail.

Samuel Simpson, who has charge of the logging operations for the Minnesota Logging company, is up in the woods north of Brainerd, making preparations for the work of the winter says the Lumberman. He has located several camps and has men at work building in six of them. There will be between fifty and sixty men in each of the camps and substantial cabins will be erected for them. A large store house is being built at the junction about fifty-two miles out from Brainerd and supplies for the winter are being hauled in. Nearly all of the steel has been received and about half of the track on the main line has been laid. Outfits for the camps will be ready as soon as the camps are ready to receive them. Men are already applying for work and there will be no difficulty getting force enough to fill out of the crews.

DEFAULTER AND FORGER.

N. W. Wheatley, Treasurer of the Brainerd Building and Loan Association

Is a Much Wanted Man.

As was stated in this paper last week, N. W. Wheatley, has been found to be a defaulter and forger and is now a fugitive from justice, and his strange disappearance is accounted for. Mr. Wheatley was one of the best known men in Brainerd, has held some of the highest positions of trust and until recently was held in high esteem by his associates and fellow citizens. Early in July Mr. Wheatley went to Duluth for the purpose, as he stated, of disposing of his stock in iron mines on the Mesaba range, he owning a 24th interest in a certain mine there. Failing in his endeavor there he went to Chicago where he finally effected a sale, he having been heard from at that place August 15th. But as he did not return suspicions were aroused, and the Brainerd Building and Loan Association, of which he was treasurer and which office he has held since the society was organized in 1887, began an investigation and found a state of affairs which surprised them. It was discovered that notes which the association supposed were paid and which were entered as paid on his book, had been renewed by Wheatley and the money appropriated to his own use. Orders issued by the secretary on the treasurer were taken by Mr. Wheatley, the parties being told there was no money to pay them with, and then entered on his books as paid and the money taken and squandered in real estate transactions. The amounts stolen in this and other ways are as follows:

S. Lind	\$505.62
Mrs. J. W. Thompson	891.25
W. J. Thompson	891.25
Fred Allen, note	1000.00
Ang. Darrel	50.00
Total	\$3338.12
Cash taken	4365.00
Notes held by First National and N. P. Banks	7000.00
Total	\$14703.12

Besides the embezzlement of this amount it has been found that he has forged the name of Thos. Halladay to two notes one of \$400 and one of \$500 held by the First National Bank, the notes having been renewed as recently as June 25, 1894.

The treasurer's bond to the association for the past year had been neglected, his previous bondsmen being Werner Hemsted and W. D. McKay for \$3000, and there is a question as to whether these men can be held for the amount. Mr. A. G. Mitche, the secretary of the association admits to the directors that he had known of Wheatley's shortage for over a year and showed a letter under date of April 5th, from Wheatley to him in which the former admitted his trouble but wanted a little time to turn himself in. Mr. Mitche in explanation says Wheatley threatened to kill himself if he was exposed, and said he could straighten up everything if he was allowed a little time to sell his iron land interests. With this explanation Mr. Mitche says he thought it was best to keep quiet and did so.

Mr. Mitche has signed all of his real property, building stock, etc. over to the association, and we understand that Mr. Halladay, president of the association has done the same, although they had no part in the transaction, nor received any of the missing cash. All of Mr. Wheatley's property has been attached and also \$2,500 due him on sale of his Mesaba property. It is understood that the shortage will not cripple the association as under the circumstances they will realize a sum on the sale of real estate.

In the meantime Mr. Wheatley is in hiding in some remote corner and it is only a question of time when he will be arrested and brought before the bar of justice to answer for his crimes.

Business of the Court.

District court opened on Monday morning with a light calendar, Judge Holland presiding. The grand jury was in session until yesterday afternoon and indictments were brought in against the following persons:

Sam. Leland, grand larceny in second degree.

Louis Germain, assault in second degree.

D. F. Carroll, grand larceny in the second degree.

James McCabe, assault.

A. Gerbock, practicing medicine without a license, four indictments.

John Donovan, assault in the second degree.

N. W. Wheatley, grand larceny in the first degree and forgery in the second degree, three indictments.

The cases have been disposed of as follows:

Louis Germain plead guilty and was sentenced to forty days in jail or a fine of \$40.

The Leland case was tried and resulted in an acquittal for the defendant. This was the case where Sam Leland was charged with robbing Jas. Curo of \$85.

The case of Jas. McCabe for the shooting of Wm. Murray was continued.

In the civil action of the First National Bank against L. J. Cale the plaintiff secured a verdict.

Lessard vs. Nelson, verdict for plaintiff.

State vs. Olson, assault, verdict of guilty and sentence of 30 days imposed.

State vs. James and Alex. Dixon, larceny, verdict for defendant.

The following report was made by the grand jury which is published by order of the court:

State vs. Mawera, }
District Court, 15th Judicial District.
To the Hon. G. W. Holland, Judge of District Court in and for the Fifteenth Judicial District of the State of Minnesota.

The grand jury of the county aforesaid would respectfully submit the following report:

That they have examined and visited the county jail in and for said county, and that they found the same in a first-class condition.

That the court house and grounds connected with the same have been duly inspected and they are in a good condition.

We desire to bring to the attention of the court and its officers the fact that the executive officers of the city of Brainerd are not enforcing the laws of the state and ordinances of the city regarding the sale of liquor. That saloons are allowed to run and are running on Sunday and after midnight is a notorious fact though no specific complaint has been made to us. We feel that the present administration is not doing its duty in suppressing the illegal sale of liquors, and its executive officers deserve censure if not punishment for not doing so.

Dated Sept. 20th, 1894.

LYMAN P. WHITE, Foreman.
Attest, F. A. FARRAR, Clerk.

Brainerd Wins.

The St. Paul Dispatch gives the following account of Sunday's game of base ball at White Bear:

The second of the series of three games between the Brainerd and Stillwater base ball clubs, the first state championship was played at White Bear yesterday before an audience of about 600 people, and resulted in a victory for the boys from Brainerd, who simply toyed with their opponents. The first game of the series was won by the Brainerd team, and by winning yesterday the championship is settled without the necessity of playing again.

The game opened yesterday with Stillwater at the bat, and the prison city team made one run on a couple of scratch hits and an out. In the second inning another run was secured in about the same way, and then a couple of blanks were drawn. By the aid of a base on balls, careless fielding and one hit, two more runs were made in the fifth inning, and in the seventh and eighth innings Phyle let up on his swift pitching sufficient for the Stillwaters to make one run in each. That was the best they could do with the little army they had from the northern city, and although no record of base hits was kept by the reporter, not more than eight or nine hits were made off his pitching during the entire game.

The battery work of Phyle and Frary for the Brainerds was excellent, and when the fact is considered that this is their first season of ball playing, and both are only 18 years of age, their work was of the phenomenal order.

The Brainerd men started out by hitting the ball hard in the first inning, but it was in the second that Phyle's Dutton was knocked out of the box. In addition to hitting the ball whenever it came within reach, they were presented with half a dozen bases on balls, and when the inning was at an end the score showed that eight runs had been secured. Another pitcher was tried in the third inning but he, too, went down, and young Larkin, of St. Paul, was put in the box. Larkin did much better work, but it was too late, and at the end of the eighth inning the game was called to allow all hands to catch the train.

The score by innings was as follows:

St. Paul	1	0	0	2	1	6
Brainerd	2	5	0	0	2	9

RESOLUTIONS.

We the republicans of Cass county Minnesota, in convention assembled, declare our belief in the principles of the republican party, and we believe in the principles regardless of who holds the offices of the country, and regardless of the determination of the coming election. We believe in those principles not for the sake of success but because we have a firm conviction that they are right and wise, and we point to the present condition of business in the United States as a result of carrying into effect, or rather, the threat to carry into effect the principles for which the democratic party has contended, and we cordially invite all voters who have become convinced that our principles and beliefs are right to join us.

We believe that an international agreement looking to the coinage of silver at an equitable ratio with gold should be promoted by our government, but we do not believe that our government should take sixty cents worth of silver from the mine owner and coin it into a dollar, then give that dollar back to the mine owner, which is free trade.

We believe that freight rates in the northern part of this state are entirely too high, and request our representatives to do everything in their power to cause the same to be lowered. It now costs more to ship a bushel of wheat from Fargo to Duluth than from Duluth to New York, including all elevator charges. There is discrimination against Duluth and the farmer and manufacturer.

We believe that all property including lands owned and not used by railroads should be taxed like other property.

We demand that all corporations organized or doing business in this state shall be examined by the public examiner who shall compel an honest administration of their affairs, as we believe that corporations without supervision have become a menace to the people.

We condemn the taxing of the people for unnecessary expenditures at the present time, including the building of a new state capitol as an extravagance wholly designed to benefit the city of St. Paul.

We condemn the nomination of a judge of our or any judicial district through any political trade. We believe the judiciary should be kept out of politics, but the so-called non-partisan convention held in this district as being a political scheme in which the people had no voice and took no interest, gotten up by a democratic candidate who was the nominee of the so-called convention.

We believe in an inheritance tax far greater than the tax proposed by the constitutional amendment to be voted on this fall, as it is a tax that falls wholly upon the rich who do not bear their share of the burden of taxation.

We believe in the protection of the honest laborer both in the matter of wages, hours of work and health, and we believe such protection is afforded by a protective tariff and the rigid exclusion of undesirable immigrants.

Mrs. J. H. HORSVOLD, of the Ave. Santa Cruz, Cal., writes:

"When a girl at school, in Ohio, I had a severe attack of fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so. Friends urged me to use Ayer's Hair Vigor, and, on doing so, my hair began to grow, and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark. I used two bottles of Ayer's Hair Vigor."

"After a fit of sickness, my hair fell out in clumps. I used two bottles of Ayer's Hair Vigor, and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."—Mrs. Sidney Carr, 1409 Regatta st., Harrisburg, Pa.

The convention was organized by the election of Rev. Geo. H. Davis as temporary chairman and Jas. McMurtry as secretary. A motion was then made and carried that a committee of five on credentials be appointed by the chair which was acted upon and the following gentlemen were named: Joel Smith, G. S. McPherson, A. T. Kimball, Chas. Hagberg and J. C. Smallwood.

The committee retired and after deliberation brought in a partial report showing they were unable to settle the matter of the bolting delegation for the Fifth ward and the convention accepted the report, and on motion a committee consisting of J. S. Gardner, J. Arnold, D. D. Smith, James Towers and J. L. Berg were appointed to consider the matter and make a report. The special committee appointed reported the delegates elected from the Fifth ward entitled to seats as follows:

M. Hagberg, Archie Purdy, P. Olson, Henry Mahle and D. Doran.

The report was accepted by the convention.

Motion was made and carried that Leon E. Lum select six delegates to represent Crow Wing county in the 15th judicial district convention.

M. Hagberg offered the following resolution which was carried:

Resolved that this convention is favorable to the candidacy of A. F. Ferris for member of the house of representatives and that he be allowed to select ten delegates to represent Crow Wing county in the legislative convention at Little Falls.

According to the above action Mr. Ferris announces the selection of delegates as follows: N. H. Ingersoll, S. P. Parker, Chas. Keach, D. Doran, A. E. Pennell, R. H. Paine, John Larson, John T. Frater, J. L. Berg and M. McFadden.

The convention then proceeded to the nomination of county officers, and the name of Louis Tache for auditor was presented by H. Patterson, and for John Frater for treasurer by J. S. Gardner, Henry Spalding's name for Sheriff by D. D. Smith and A. Mahlum's name for register of deeds by Joel Smith. There was no opposition to any of these nominees and they were nominated in turn by acclamation.

For clerk of the court Harry Brooks was nominated by Joel Smith, S. H. Parker by J. McMurtry and F. A. Farrar by J. S. Gardner. The first ballot was informal and stood as follows:

Brooks.....12
Parker.....8
Farrar.....2
A formal ballot was taken which resulted in nomination of S. H. Parker by the following vote:

Brooks.....26
Parker.....12
Farrar.....2

For county attorney C. E. Chipfield was nominated by G. S. McPherson and W. A. Fleming by D. Doran the informal ballot being as follows:

Chipfield.....31
Fleming.....8
Motion made and carried that C. E. Chipfield be declared the nominee of the convention.

R. K. Whiteley was nominated county surveyor by acclamation. I. T. Dean was nominated for coroner by acclamation, as was M. McFadden for court commissioner. Milton McFadden was nominated for judge of probate by acclamation.

Motion made and carried that C. E. Chipfield be declared the nominee of the convention.

The delegates from the 2nd commissioners district nominated J. S. Gardner for re-election and those from the Fourth district re-nominated A. P. Farrar.

A. J. Halsted was re-elected chairman of the county committee and the convention adjourned.

A democratic county convention will be called for Oct. 6th at the court house in this city.

The Populist Ticket.

The populists of Crow Wing county have placed the following ticket in the field:

Auditor.....Chas. Banks.
Treasurer.....Fred Wehrle.
Register of Deeds.....A. G. Gallup.
Sheriff.....A. G. Gallup.
County Attorney.....Lyman Arms.
Coroner.....Charles Cross.
Commissioner, 2d Dist., J. T. Sanborn.
Commissioner, 4th Dist., J. McCarthy.

The convention that produced the above ticket met at the court house on Saturday evening last, and was called to order by A. F. Ludwig who was made chairman of the evening, and Geo. Herren was chosen secretary.

As the convention was of the mass order, and consisted of some 50 representatives of the party it did not take long to get the practical business of the meeting before the audience, which was done by the nominating of Charles Banks for auditor by J. A. Elliot, and Mr. Banks was elected by acclamation. The office of treasurer on motion of Mr. Elliot was left open, as was also that of register of deeds. Nominations for sheriff were called for and the name of Fred Wehrle was placed before the convention by W. Winters, the name of Ole Erickson by N. N. Halladay, and it looked for a few moments as though J. P. Barney, who was known to be an aspirant by the printed cards in circulation, was not down on the program but his name was finally presented by David L. Hamilton. The motion to elect by ballot carried and the chair appointed W. Winters and Mr. F. Holmes as tellers. Mr. Elliot then moved that slips of paper be left on the desk in front of the audience and convention and that all those who belonged to the people's party and wished to vote walk up and get one.

After the vote was taken the chair announced that Fred Wehrle had received 26 votes, J. P. Barney 15 and Ole Erickson 12, and declared Mr. Wehrle the candidate for sheriff notwithstanding the fact that he lacked one vote of having a majority of the votes cast.

Mr. N. N. Halladay then stated that as long as the party had no lawyer in the ranks he would present the name of W. A. Fleming for endorsement as county attorney, but Mr. Elliot amended the motion to leave the place blank and it carried. For superintendent of schools and court commissioners no nominations were made.

For surveyor Lyman Arms was placed in nomination which met with the approval of the convention. For clerk of court there were two aspirants, now converts to the populist ranks, and they were both in attendance presumably pressing their claims among the slave makers, the gentlemen being A. G. Gallup who was named by Geo. Herren, and Ed. Lynch whose name was presented by Peter Vartz. A ballot was ordered the result being 17 votes for Lynch and 23 for Gallup, and the latter gentleman was declared the nominee.

Charley Cross was then placed in nomination for coroner by J. W. Martin and he had no opposition.

For county commissioner in the Second district J. T. Sanborn received the nomination and in the Fourth district John McCarthy was honored.

DEFAULTER AND FORGER.

N. W. Wheatley, Treasurer of the Brainerd Building and Loan Association

Is a Much Wanted Man.

As was stated in this paper last week, N. W. Wheatley, has been found to be a defaulter and forger and is now a fugitive from justice, and his strange disappearance is accounted for. Mr. Wheatley was one of the best known men in Brainerd, has held some of the highest positions of trust and until recently was held in high esteem by his associates and fellow citizens. Early in July Mr. Wheatley went to Duluth for the purpose, as he stated, of disposing of his stock in iron mines on the Mesaba range, he owning a 24th interest in a certain mine there. Failing in his endeavor there he went to Chicago where he finally effected a sale, he having been heard from at that place August 15th. But as he did not place turn suspicious were aroused, and the Brainerd Building and Loan Association, of which he was treasurer and which office he has held since the society was organized in 1887, began an investigation and found a state of affairs which surprised them. It was discovered that notes which the association supposed were paid and which were entered as paid on his book, had been renewed by Wheatley and the money appropriated to his own use. Orders issued by the secretary to the treasurer were taken by Mr. Wheatley, the parties being told there was no money to pay them with, and then entered on his books as paid and the money taken and squandered in real estate transactions. The amounts stolen in this and other ways are as follows:

S. Lind.....\$505 62
Mrs. J. W. Thompson.....\$81 25
W. J. Thompson.....\$91 25
Fred Allen, note.....1000 00
Aug. Darrel.....50 00

Total.....\$3338 12
Cash taken.....\$365 00
Notes held by First National and N. P. Banks.....7000 00

Total.....\$14703 12

Besides the embezzlement of this amount it has been found that he has forged the name of Thos. Halladay to two notes one of \$400 and one of \$500 held by the First National Bank, the notes having been renewed as recently as June 25, 1894.

The treasurer's bond to the association for the past year had been neglected, his previous bondsmen being Werner Hemstead and W. D. McKay for \$3000, and there is a question as to whether these men can be held for the amount. Mr. A. G. Michie, the secretary of the association admits to the directors that he had known of Wheatley's shortage for over a year and showed a letter under date of April 6th, from Wheatley to him in which the former admitted his trouble but wanted a little time to turn himself in. Mr. Michie in explanation says Wheatley threatened to kill himself if he was exposed, and said he could straighten up everything if he was allowed a little time to sell his iron land interests. With this explanation Mr. Michie says he thought it was best to keep quiet and did so.

Mr. Michie has signed all of his real property, building stock, etc. over to the association, and we understand that Mr. Halladay, president of the association has done the same, although they had no part in the transaction, nor received any of the missing cash. All of Mr. Wheatley's property has been attached and also \$2,500 due him on sale of his Mesaba property. It is understood that the shortage will not cripple the association as under the circumstances they will realize a sum on the sale of real estate.

In the meantime Mr. Wheatley is in hiding in some remote corner and it is only a question of time when he will be arrested and brought before the bar of justice to answer for his crimes.

County of Crow Wing.

D. C. Court, 15th Judicial District, To the Hon. G. W. Holland, Judge of District Court in and for the Fifteenth Judicial District of the State of Minnesota.

The grand jury of the county aforesaid would respectfully submit the following report:

That they have examined and visited the county jail in and for said county, and that they found the same in a first class condition.

That the court house and grounds connected with the same have been duly inspected and they are in a good condition.

We desire to bring to the attention of the court and its officers the fact that the executive officers of the city of Brainerd are not enforcing the laws of the state and ordinances of the city regarding the sale of liquor.

That saloons are allowed to run and are running on Sunday and after midnight is a notorious fact though no special complaint has been made to us. We feel that the present administration is not doing its duty in suppressing the illegal sale of liquors, and its executive officers deserve censure if not punishment for not doing so.

Dated Sept. 20th, 1894.

Brainerd Wins.

The St. Paul Dispatch gives the following account of Sunday's game of base ball at White Bear:

The second of the series of three games between the Brainerd and Stillwater base ball clubs for the state championship was played at White Bear yesterday before an audience of about 600 people, and resulted in a victory for the boys from Brainerd, who simply toyed with their opponents.

The first game the battery series was won by the Brainerd team, and by winning yesterday the championship is settled without the necessity for playing again.

The game opened yesterday with Stillwater at the bat, and the prison city team made one run on a couple of scratch hits and an out. In the second inning another run was secured by the entire game.

Candidate For Sheriff.

I wish to announce to the voters of Crow Wing county that I am an independent republican candidate for the office of sheriff and as such solicit the support of all honest voters at the coming election, regardless of the nest that edits the Brainerd Journal.

RESOLUTIONS.

We the republicans of Cass county Minnesota, in convention assembled, declare our belief in the principles of the republican party, and we believe in those principles regardless of who holds the offices of the country, and regardless of the determination of the coming election. We believe these principles not for the sake of success but because we have a firm conviction that they are right and we are we point to the present condition of business in the United States as a result of carrying into effect, or rather the threat to carry into effect the principles of the democratic party, and we cordially invite all voters who have become convinced that our principles and beliefs are right to join us.

We believe that an international agreement looking to the coinage of silver at an equitable ratio with gold should be promoted by our government, but we do not believe that our government should take sixty cents worth of silver from the mine owner and coin it into a dollar, then give that dollar back to the mine owner, which is free trade.

We believe that freight rates in the northern part of this state are entirely too high, and request our representatives to do everything in their power to cause the same to be lowered. It now costs more to ship a bushel of wheat from Fargo to Duluth than from Duluth to New York, including all elevator charges. There is discrimination against Duluth and the farmer and manufacturer.

We believe that all property including lands owned and not used by railroads should be taxed like other property.

We demand that all corporations organized or doing business in this state shall be examined by the public examiner who shall compel an honest administration of their affairs, as we believe that corporations without supervision have become a menace to the people.

We condemn the nomination of a judge of our or any judicial district through any political trade. We believe the judiciary should be kept out of politics, but we condemn the so-called non-partisan convention held in this district as being a political scheme in which the people had no voice and took no interest, gotten up by a democratic candidate who was the nominee of the so-called convention.

We believe in an inheritance tax far greater than the tax proposed by the constitutional amendment to be voted on this fall, as it is a tax that falls wholly upon the rich who do not pay their share of the burden of taxation.

We believe in the protection of the honest laborer both in the matter of wages, hours of work and health, and we believe such protection is afforded by a protective tariff and the rigid exclusion of undesirable immigrants.

Not for Carl.

When we got to Brainerd on our way to St. Cloud we were somewhat disappointed to find all Brainerd waiting at the depot with tin horns and bells. We did not know whether our fame had preceded us, or whether the reception was intended for Carl Taylor who was his wife to the popular convention, and were greatly relieved to find it was meant for the Brainerd base ball club which had lost two games at Superior.—Aitkin Age.

A Decided Novity.

On Wednesday September 26th the greatest of all American comedy successes "A Turkish Bath" will hold the boards of the opera house. Bright winsome little Marie Heath is still the particular star of this unapproachable musical eccentricity, and she comes to us most highly recommended by the press and public. The play contains a well defined plot and a number of highly interesting scenes and clever specialties, and with such a play and such a cast it is safe to presume "A Turkish Bath" will test the seating capacity.

Geo. Woodling will repair your harness neatly and promptly.

Mr. Timothy Foley arrived in the city last night says the St. Cloud Journal Press, and this morning left via Park Rapids for the scene of Foley Bros. & Guthrie's railroad building operations on the Brainerd and Northern. The company's first contract was for a road about 40 miles in length. This was later extended by the contract for 14 miles additional and now they will build 14 or 15 miles of spurs from the main track into the adjacent heavy timber.

The building now being done is very heavy work, deep cuts and heavy fills being the order, and the additional spurs to be put in with the completion of the main line, it is estimated will take until freezing time.

Any one desiring a good harness can have the same by getting it made at the harness shop. Geo. Woodling guarantees satisfaction in all respects. Come and see.
